0.9in. Cannabis plants are classified into two main groups: Indica and Sativa. This book focuses on Cannabis Sativa, an especially tall and potent species of marijuana plant that true connoisseurs love not only for its smoke that induces a desire to create art and socialize with people, but also for the interesting challenges it presents to growers due to its size. No other strain guide has looked at Cannabis Sativa in such depth before, and the fan base established by the previous best-selling book, Cannabis Indica, is eagerly awaiting the release of this new title. Featuring one hundred strains of amazing Sativa-dominant genetics from one hundred of the worlds best marijuana breeders, this book is a must-have for pot enthusiasts, pot growers, and pot connoisseurs, new and old alike. Cannabis Sativa features one hundred incredible strains from one hundred different seed breeders more than all other cannabis strain guides put together and strains from such varied countries as Britain, Holland, Canada, Russia, Spain, Chile, Switzerland, Germany, France, Afghanistan, Pakistan, India and throughout the USA. No other guide features this many emerging seed breeders, as well as established cannabis...
