Bibliogov, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The United States has long worked closely with Japan to build a strong, multifaceted relationship based on shared democratic values and mutual interest in Asian and global stability and development. Although the Bush Administration came into office with an avowed determination to promote closer alliance relations, the failure of the government headed by Prime Minister Junichiro Koizumi's inability to overcome economic stagnation that has lasted more than a decade has started to lower U.S. regard for a country which still remains an important military ally. U.S.-Japan relations are of concern to Members and Committees with responsibilities or interests in trade and international finance and economics, U.S. foreign policy, ballistic missile defense (BMD), and regional security issues. The latter include North Korean nuclear and missile proliferation, China's emergence as a potential U.S. military adversary, and U.S. military bases in Japan, whose importance has been underscored once again by their role in facilitating the operations of U.S. forces in Afghanistan. In October 2001 the Koizumi government gained parliamentary passage in October 2001 of legislation permitting the despatch of Japanese ships and transport aircraft to the Indian Ocean to provide reararea logistical support to U.S. forces engaged in the anti-terrorist campaign in Afghanistan. .
