Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.

John, who like many under-rated victims has experienced a life of extremes with little or no support when he needed it the most; but still managed to succeed in his own self-taught way albeit not via the usual channels and consequently a lot of talent has gone to waste as well as used in defence and destruction against persistent oppression exercised by officials in positions of authority. Having the ability to understand some maths worthy of A-level standard in junior school (1972) without any private tuition or mentoring and using his imagination to come up with new ideas John was seen as an ideal child, but at the time he was already seeing a child psychiatrist as he had many problems being too advanced for his age, especially with some officials in authority trying to restrict his natural progress which John didnt like and felt imprisoned. This made John very irritable against being restricted and so he wasnt going to cooperate when he was treated in the wrong for being different, and wasnt going to let their mental limitations restrict his progress. Less than a year later in 1973 when he started having temporal lobe epilepsy he was put on a cocktail of drugs which affected his behaviour and with all the extra restrictions and pressure he was being put under...
