Conclusion Author Bio Publisher Introduction Once a person has become a parent, he is overwhelmed with a large number of thoughts. Apart from the euphoria of having a new member added to his family, he is also a little worried about the added responsibility. It is his priority to make sure that the youngster who is wholly dependent on him is cared for, cherished and nurtured in such a manner that no harm can come to him while his parent is around. Apart from caring for her child, a mother's natural instinct is to make sure that she never comes to any harm and is sheltered from all potential possibilities of danger. This is the reason why mankind has managed to survive for millenniums. It is the instinct of the parents to make sure that the next generation of their offspring grow up safely,...
