Language: English . Brand New Book ***** Print on Demand *****.What to do with a child at home in your spare time? What kind of games you can play with him? These questions are very often faced by parents who do not just want to fill your free time, but to spend it together with your child. I suggest you exciting to develop the game "Unite drawing on the numbers," in which the child develops perseverance, attention and secured a mathematical concept as the score. The objective of the game is very simple - you need to draw a picture, a line connecting all the digits in order. Figures on the numbers - a very exciting experience for children. These classes for kids are very useful. In addition, they prepare the child's wrist to the letter, still teach the account, as the figures need to be connected at a time, in ascending order, otherwise the pattern will not turn out. "Connect the dots in order, so to get a picture. Paint the resulting pattern. "After you have connected all the points on the...
