The power structures among men and women are changing. And, major industries such as politics, economics, drugs and news are being affected by this emerging evolution. In 2010, three wealthy women formed a secret alliance group exclusively for women who want to change the dynamic structure of the world by taking complete control of every industry there is. Today, this secret alliance group has over 3 million members living all over the world with one secret alliance group stationed in every country. And their first target to achieve this mission is for key members to run for political office and gain control of the senate, house of representatives and the presidential office in every country. This action book displays the dramatic roles of a private group of women taking their destined place in the world by means of persuasion, assassination, bribery, and murder. And, the nation is shocked to find out that this mission is being led by the wives and female companions of the 3 most powerful men in the world- the US President, a drug Mafia and an Oil Tycoon, who shall form their own alliance in the future and seek revenge.
