

Vultures: High Gliding Scavengers (Paperback)

By M Martin

Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.We are all too familiar with these birds of prey. They are the ones we see hovering above an animal that has been killed by its predator, and after its killers have left, they swoop down to finish the meal. We might think that vultures are gross because they like to finish up rotting dead meat. But, in truth, vultures help the environment a lot because although they are scavengers, they are also garbage keepers who make sure the environment is clean by finishing the dead animal up. If we look at them this way, then we can be thankful that there are vultures on our planet. In this book you will learn many interesting and amazing things about the vulture. You will learn why the vulture has short feathers on its head and neck. You will learn how they eat dead carcasses and what they do to protect themselves from the bacteria from rotting meat. You will learn about the different types of vultures. Reading this book will open your mind up to the...
